Contingent Approvals:</p> <ol style="list-style-type: none"> University Graduate School: if degree(s) is (are) conferred by the graduate school. Office of Online Education: if offered online or as a hybrid. Contact OOE before preparing proposal. Office of Overseas Programs: if offered through partnerships outside US. <p>b. ICHE Program Approvals:</p> <ol style="list-style-type: none"> ICHE approval is not necessary unless listed separately in ICHE inventory. If a 'new major' is to be separately reported to ICHE, follow 'new degree' process. "New majors" in BA areas and in BS in Education areas are usually reported separately; other BS majors are usually not reported separately. If a degree already exists and an additional designation is being added (e.g. adding a BS option where a BA is already approved), it is submitted to ICHE for Routine Staff Approval. <p>c. Per HEOA (Higher Education Opportunity Act), certificates must be categorized as to whether students are eligible to receive federal student aid solely through enrollment in the certificate program.</p> <p>Stand-alone certificates – those which may be pursued independent of a degree program – may be eligible for financial aid. To be declared aid eligible, they must be demonstrated to lead to "gainful employment." Required gainful employment documentation is available on the UAA website. (Financial aid eligibility is NOT a requirement.)</p> <p>Area certificates are only available in conjunction with an existing degree program and are not eligible for financial aid classification by themselves.</p>

<p>STEP BY STEP (AS REQUIRED)</p> <ol style="list-style-type: none"> Department or Policy Group initiates proposal with faculty recommendations. School Dean sends proposal to school policy group (committee) for approval. See Note "a" regarding contingent approvals. When considering a new online or hybrid degree or conversion of an on campus degree to online or hybrid program proposers must contact the Office of Online Education before campus level review. The initiating unit of the proposed program must consult the Associate Vice President for Administration in the Office of the Executive Vice President for University Academic Affairs (EVP/UA), to develop consistent approaches to estimating costs and identifying sources of revenue for new programs. This contact should be made before the proposal has been routed through all the campus approval steps. It should then go to the Campus Academic Officer who typically requests campus level review from the Campus Curriculum Committee before submitting it for continued action as the chart shows. Once recommended by the Academic Leadership Council (ALC) approvals are forwarded to the President. (ALC review involves Technical Committee, and approval by the Executive Vice Presidents of Bloomington, Indianapolis, and the Regional Campuses. The Technical Committee addresses budget, technical, and academic program review.) The Office of the Executive Vice President for University Academic Affairs (OEVP/UA) prepares agenda items for Board of Trustees (BoT). After University approval, OEVP/UA works with the Indiana Commission for Higher Education (ICHE) staff to process proposals. <p>* After approval by the University and the State, further approvals or acknowledgements may be required by the Higher Learning Commission, the US Department of Education and/or specialized accrediting bodies.</p> <p>COURSE approvals follow a different process through the CARMIn (Course Approval, Remonstrance, Maintenance and Integration) system.</p>							<p>GENERAL INFORMATION:</p> <p>Please note with regard to the Board of Trustees: Administrative Action Report (AAR) items are information-only. Although Trustees do "accept" the items on the report, it is not an "approval". Action items must be APPROVED by the Trustees BEFORE they can continue through the process. Programs cannot be advertised or announced prior to their last level of required approval.</p>
