**Student Orientation Survey Request**

We would like your insights into whether or not a general graduate and professional student orientation conducted by the IUPUI Graduate Office would benefit new students coming to campus. Reflect back on your first year on campus and what information or resources you would have liked to have known about as you began your education. We value your feedback, and you will even get a chance to win one of two $10 gift cards!

The survey will take less than 5 minutes to complete and should be completed by Tuesday, May 1.

**Graduate Office Report**

Meningitis immunization requirement – incoming Fall 2018 now must provide date / documentation for meningitis as they do all other immunizations – this is no longer just a checkbox. Because there are different meningitis requirements based on a student’s age, the system has been designed with logic to display only those requirements that a student must meet. Communication strategy is being developed by Registrar to ensure that appropriate requirements are being communicated to the appropriate students.
