2. Then click on “Create New Plan of Study”
Completing the Plan of Study

1. You will be taken to a page (see below) that asks you about basic information needed to create a plan of study — your campus, degree granting department, first semester of graduate study at Purdue (IUPUI), and e-mail address. Fill in your appropriate information. For “First semester of [degree-seeking] graduate study at Purdue” (IUPUI), the formatting is as follows:
   - Fall 2016-17 represents the fall semester of 2016.
   - Spring 2016-17 represents the spring semester of 2017.
   - Summer 2016-17 represents the summer semester of 2017.

Your e-mail address is used for any notifications related to your plan of study. (Be sure to use one you check often, and confirm that it is entered correctly!)

**If you see “DEPARTMENT NAME NOT FOUND” for “Most recent registration”, email pugrad@iupui.edu to have this resolved**

For more specific help with this page, click on the “Help” button. When you wish to proceed, click on “Process and Continue.” Warning message(s) may appear if there is any missing information, in which case make the appropriate correction(s) and click on “Process and Continue” again. Click on “Cancel” to erase this plan of study draft entirely.

Next you will be taken to a page that asks for your degree title (Master’s, PhD, etc.), non-thesis/thesis track, and the date you anticipate receiving your degree.
2. For “Degree Date Expected,” the formatting is straightforward and abides by May 2018 representing May of 2018 and so forth. For more specific help with this page, click on the “Help” button. When you wish to proceed, click on “Process and Continue.”

   **This section is used differently for IUPUI students!**

   See pages 8-11 for specific instructions for how to enter your coursework.
You can fill in the courses you’ve **taken at Purdue/IUPUI already** as a graduate student (*enrolled in a PU graduate program*).

- Be sure to check the box in the “Use” column to upload the course onto your plan of study.
- **Due to IUPUI to Purdue data transfers IUPUI students’ current term registration will never be available during that term. You will enter all recently completed and current terms’ courses as FUTURE.**
- If you have multiple Variable Topics courses listed, check “Use” and in a Supplemental Notes include the Variable Topic titles, semester/year & grade to assist your committee’s review.
  - If you took more than one Variable Topic course in a semester and earned the same grade, only one may be listed in the Completed Courses. If so, include the other in the “Future” courses section.
- If you have “I” or “NR” etc. grades shown, add a Supplemental Note with the final grade, and this will be corrected during later review.

### Completed Purdue courses that will apply to this plan of study

Indicate which courses from your current academic record are to be used on this plan of study. Courses are listed in alphabetical order by subject. Only courses you were registered for at the beginning of the semester or those completed as a graduate student and for a grade are listed. List any courses taken as undergraduate excess on the “Transfer and Undergrad Excess” page.

For each course being used:
- click the “Use” box
- indicate the Area (Primary or Related)
- if a grade of B or better is required by your department check the “B or Better” box

To remove a course, uncheck the “Use” box.

Courses taken in non-degree status are marked with non-degree registration.

For more detailed instructions click on the HELP button at the bottom of the page.

Note: Grades posted here are as of the end of the semester that they were taken. Late grade changes or course title changes may not be reflected. If you see a discrepancy, contact the Graduate School.

d. Advisory Committee

- This page is split into 2 window frames:
  - The top frame can be scrolled downwards and has an “Add” button for adding a faculty member.
    - Note: The “Faculty 4+5 Code” is unique for each faculty member and can be looked up using the search function in the bottom frame.
  - The bottom frame is used to search for faculty based on his/her department.
    - To search for a faculty member, select a department first.
    - Then click “Search”
    - Use the Faculty 4+5 code in the top frame.
  - First, use the department search drop down box in the bottom frame to find the faculty member
  - Type their Faculty 4+5 Code in the top frame.
  - Click “Chair,” “Co-Chair,” or “Member” as appropriate for each faculty member.
  - Then click “Add”
  - The “Advisor Name” should then be automatically populated indicating your faculty member was successfully added.
  - Note: If there are any errors, error messages will be displayed after you click the “Add” button.
  - Note: For multi-person committees, you can have 1 Chair and Members, or 2 Co-Chairs and Members.
    - You cannot have 2 Chairs, more than 2 Co-Chairs, or a Chair and a Co-Chair.
  - Note: More than 50% of your advisors must be Regulars (R#) (as opposed to Specials (S#)).
  - Note: A Special appointed faculty member must be specifically appointed for the department of your Plan of Study.
    - Ex. a special faculty member, BIOL+X0001, cannot be on a TECH Plan unless they have a TECH appt. in addition to the BIOL appt.
  - If a faculty member you’d like to add to your committee is creating an error (and it is not caused by any issue noted above), save your Plan and check with your department graduate advisor.

5. After you are reasonably sure you have finalized your plan of study draft, you have 3 ways of proceeding.

**Save without Submitting**
- It is recommended to use “Save without Submitting” if you are not done with the rough draft of your plan of study and want to come back later to make changes. Your saved plan of study can be reviewed by the appropriate staff before your final submission. You will more easily be able to make changes later if you wish.

**Submit as Draft – Not Required Step for Some Programs**
- “Submit as Draft” is used to submit the rough draft of your plan of study for further review by the appropriate staff before your final submission. This option will not actually finalize your plan of study, so you will be able to make changes later if you wish.

**Submit as Final**
- “Submit as Final” will submit your plan of study to all relevant staff and begin the process of approval. You will not be able to make any additional changes after this point, apart from submitting a Change to the PoS request.

“Delete this Plan” will delete this plan of study draft entirely, so it will no longer exist in your record and cannot be accessed again.

![Request for Master's Degree Advisory Committee and Plan of Study Approval](image)

After you click on either “Save without Submitting,” “Submit as Draft,” “Submit as Final,” or “Delete this Plan,” you will be taken back to a page of all plans of study created on your account. The word “Edit” will appear next to any SAVED or DRAFT plans of study (i.e. plans of study that you have yet to submit) and “View” will appear next to any OUTSTANDING or APPROVED plans of study (i.e. plans of study that are awaiting signatures or have completed processing).

Making Changes to a Plan of Study

To make any change(s) to your plan of study once it has been approved ("APPROVED" appears under "Status" on the main hub page with a list of all the plans of study you have created), click on “Create Change Request.” **Note: This is not available until a plan is fully approved. ** Afterwards, starting from the top of the page and moving downwards, you should see the following blue links:

- **Your approved plan of study**
  - Click here to preview your currently approved plan of study.

- **Change Degree Information or Thesis/Non-Thesis Option**
  - Click here to change your degree title (Master’s, PhD, etc.) and corresponding thesis option (non-thesis, thesis, or blank).
  - Be sure to enter a brief explanation of why you are changing your degree title and/or thesis option.

You will need to call the Purdue IT help desk at 765-494-4000 with your Purdue ID (PUID) number to activate your Purdue career account. **Do NOT mention IUPUI when you call—the help desk can get confused.** You are a Purdue graduate student who needs to activate your account or reset your password.

Follow the steps below to find your 10 digit PUID.

Purdue’s User Account Information Page has several account tools you will need to use to set up your account.

1. **BoilerKey** – this is Purdue’s version of Duo 2-factor authentication
2. **Change Password** - **Passwords should not be longer than 16 characters. The main PU system will accept it, but the Plan of Study Generator will not**
3. **Password Challenge Questions** – in case you forget or need to reset your password
4. **Change Mailbox** – forward to your @iu.edu or @iupui.edu email address.
